

Free-be

Too good to be true?

Week One – FREE

This series is looking at grace and how grace sets us free. In this first week, we are looking at how our ability to receive grace depends on our view of God as a good God who loves us and has done everything to make us his own.

1. Have you ever experienced grace from another person? What effect did it have on you?

READ Luke 15:1-32

2. Why do you think Jesus told this story now?
3. What wrong views did the younger and older sons have of their Father? Which son are you most like in your own view of God?
4. What strikes you most about the love of the Father in this story? How does this help your understanding of Grace?
5. Thinking about your relationship with God, where do you need to receive grace yourself?
6. Are there specific relationships where you need to show grace to others? What might this look like?

Getting a Grip on Grace

Lots of the New Testament is about helping people understand Grace so here are a few verses you might want to use to help your group:

Ephesians 2 v8,9

Romans 3 v23,24 & 11 v6

1 Corinthians 15 v10

We need to recover a good view of God so we can receive his grace and be free
